

Friday, March 19, 2010, 9.15 a.m. - 5.30 p.m.

	Forum "Proven Applications and New Approaches"	Forum "Today's Progress for Tomorrow's Practice"	Open Forum	Foyer
Morning	Opening Ceremony			During the whole day: DENTSPLY Friadent Poster Gallery DENTSPLY Friadent Marketplace
	Keynote Lectures: Success factor timing: Is there a rationale? <i>Prof. Dr. Dennis Tarnow/US</i> Success factor esthetics: Are there objective parameters? <i>Dr. Peter Gehrke/DE</i>			
	Session: Treatment planning: Intelligent ways for successful decision-making <i>Dr. Gerd Körner/DE</i> <i>Dr. Frank and Dr. Steffen Kistler/DE</i> <i>Dr. Orcan Yüksel/DE and Dr. Krzysztof Chmielewski/PL; Nigel Saynor, BDS/GB</i> Moderator: <i>Prof. Dr. Heiner Weber/DE</i>	Session: Clinical studies: What is their relevance for the individual therapy decision? <i>Marco Esposito, DDS, PhD/GB</i> <i>Prof. Dr. Guido Heydecke/DE</i> <i>Dr. Dr. Thomas Dietrich/GB</i> Moderator: <i>Prof. Lim Kwong Cheung; BDS, PhD/HK</i>	Session: Implantology meets endodontics: Either or??? <i>James L. Gutmann, DDS, PhD/US</i> Moderator: <i>Dennis Thompson, DDS/US</i> Session sponsored by DENTSPLY Tulsa Dental Specialties.	
Lunch-time	Lunch & Learn: Mediterranean Summit <i>Dr. Fernando Luengo Cantó/ES</i> <i>Dr. Hercules Goussias/GR</i> <i>Prof. Dr. Selcuk Basa/TR</i> <i>Dr. Tammaro Eccellente and Dr. Michele Piombino/IT</i> Moderator: <i>Prof. Dr. Dr. Julio Acero Sanz/ES</i>	Lunch & Learn: Intercultural - interdisciplinary <i>Dr. Cheng-Tzeh Chou/TW</i> <i>Dr. Mehrdad Arjomand/DE</i> <i>Dr. Antonio Loriente/ES</i> <i>Dr. Survana Nene/IN</i> Moderator: <i>Dr. Anne Benhamou/FR</i>		Short oral presentations: Scientific posters and student posters Five poster presenters each from the "Clinical Studies", "Basic Research" and "Student Poster" categories Moderation: <i>Scientific Committee</i>
After-noon	Keynote Lecture: Success factor treatment: Less is more <i>Marco Degidi, MD, DDS/IT and Prof. Adriano Piattelli, MD, DDS/IT</i>			
	Session: Surgical concepts: Practice-oriented approaches subject to different preconditions <i>Prof. Dr. Fouad Khoury/DE</i> <i>Prof. Dr. Georg-Hubertus Nentwig/DE</i> <i>Howard Gluckman, BDS/ZA</i> Moderator: <i>Prof. Dr. Martin Lorenzoni/AT</i>	Session: Future designs and biomaterials: Scientific progress for expanded treatment options <i>PD Dr. Dr. Karl Andreas Schlegel/DE</i> <i>Prof. Dr. Christopher A. G. McCulloch/CA</i> <i>Prof. George E. Romanos, DDS, DMD/US</i> <i>Tord M. Lundgren, DDS/US</i> Moderator: <i>Dr. Enrico Conserva/IT</i>	Session: Implantology meets dental technology: Achieving excellent customized solutions through dialog <i>MDT Hans-Jürgen Joit/DE</i> <i>DT Carsten Fischer/DE und Dr. Peter Gehrke/DE</i> Moderator: <i>MDT Gerhard Stachulla/DE</i> Session sponsored by the DENTSPLY companies Degudent and Elephant.	
	Expert Discussion: TissueCare and primary stability: What is their impact on treatment success? <i>Dr. Dietmar Weng/DE;</i> <i>Dipl.Ing. Holger Zipprich/DE;</i> <i>Marco Degidi, MD, DDS/IT;</i> <i>PD Dr. Dr. Karl Andreas Schlegel/DE;</i> <i>Tord M. Lundgren, DDS/US;</i> <i>Prof. Dennis Tarnow, DDS/US;</i> Moderator: <i>Angela Elis/DE</i>			

Program subject to alterations.

Saturday, March 20, 2010, 9.00 a.m. - 5.00 p.m.

	Forum "Proven Applications and New Approaches"	Forum "Today's Progress for Tomorrow's Practice"	Open Forum	Foyers and workshop rooms
Morning	Poster Award: Short oral presentations of the Poster Award winners, categories "Clinical Studies", "Basic Research" and "Case Reports"		Start-up Plenum: Spot on new lecturers: Clinical flash lights (part 1) <i>Dr. Svea Baumgarten/DE</i> <i>Dr. DR. Andreas Dorow/DE</i> <i>Dr. Martin Dürholt/DE</i> <i>Dr. Dr. Andreas Hoffmann/DE</i> <i>Dr. Philip Jesch/AT</i> Moderator: <i>Dr. Georg Bayer/DE</i>	During the whole day: DENTSPLY Friadent Poster Gallery DENTSPLY Friadent Marketplace
	Keynote Lecture: Success factor clinician: In quest of perfection <i>Sanjay Sethi, BDS/GB</i>			
	Session: Prosthetic solutions: Options and techniques for achieving the perfect result <i>Alan E. Fetner, DMD/US</i> <i>Takahiko Sugiyama, DDS, PhD/JP</i> <i>Dr. Frank Kornmann/DE</i> <i>Dr. Paul Weigl/DE</i> Moderator: <i>Prof. Dr. Heiner Weber/DE</i>	Session: Digital dentistry: New dimensions of predictability and perfect fit <i>Prof. Dr. Ignace Naert/BE</i> <i>Dr. Anders Örtorp/SE</i> <i>Dr. Stephen Eitner/DE</i> <i>Ashok Sethi, BDS and Peter Sochor, MDT/GB</i> Moderator: <i>Dr. Jörg Neugebauer/DE</i>		
Lunch-time	Lunch & Learn: International ANKYLOS Summit <i>Dr. Andrey Yaremenko/RU</i> <i>Dr. Bernd Giesenhagen/DE</i> <i>Prof. Dr. sc. Darko Macan/HR</i> <i>Barry Goldenberg, DDS/US</i> Moderator: <i>Prof. Dr. Ye Lin/CN</i>	Lunch & Learn: International XiVE Summit <i>Dr. Victor de Paz/ES</i> <i>Prof. Dr. Thomas Weischer/DE</i> <i>Dr. Imad Salloum/SY</i> <i>John Orloff, DDS/DK</i> Moderator: <i>Prof. Dr. German Gómez-Román/DE</i>	Start-up Plenum: Spot on new lecturers: Clinical flash lights (part 2) <i>Dr. Mischa Krebs/DE</i> <i>PD Dr. Andreas Olze/DE</i> <i>Dr. Hamid Reza Parsanejad/DE</i> <i>Dr. Karin Rütten/DE</i> <i>Dr. Theodor Waldhorn/CH</i> Moderator: <i>Dr. Georg Bayer/DE</i>	
After-noon	Keynote Lecture: Success factor risk management: Meet the challenges <i>Prof. Dr. Dr. Wilfried Wagner/DE</i>			
	Session: Management of complications: Mastering pitfalls in daily practice <i>Prof. Dr. Dr. Friedrich Wilhelm Neukam/DE</i> <i>Prof. Dr. Heiner Weber/DE</i> <i>Dr. Arndt Happe/DE</i> Moderator: <i>Henry Salama/US</i>	Session: Risk patients and periimplantitis: <i>Prof. Marc Quirynen/BE</i> <i>Getulio Nogueira DDS, MSc, PhD/CA</i> <i>Dr. Anastasia Cholakis/CA</i> Moderator: <i>Prof. Lim Kwong Cheung, BDS, PhD/HK</i>		
	Joint Closing Session: Success strategies: Shared effort, doubled outcome <i>Henry Salama, DMD/US;</i> <i>Dr. Bernhard Saneke/DE</i> Moderator: <i>PD Dr. Harald Rau/DE</i> Farewell			

Program subject to alterations.

Hands-on Workshops - techniques and practical tips from experts

Practical workshops with max. 20 participants will give you the opportunity of extending your practical skills in just 2 hours of compact instruction during the Symposium. Take advantage of this unique opportunity to learn techniques for use in your own practice from experienced experts.

Workshop "Bone Grafting Techniques"

2-hour hands-on workshop on anatomical preparation

Presenter: Dr. Thomas Hanser, Olsberg/DE

As a practitioner with basic surgical experience you will learn more about advanced augmentation techniques and their practical application in this workshop using both video and live presentations. Gain hands-on experience in harvesting retromolar bone blocks with the FRIOS MicroSaw, application of the tunnel technique and bone regeneration using the biological concept. Perfect your expertise in the area of specialized transplantation procedures.

- Protocol for safer harvesting of retromolar bone blocks with the FRIOS MicroSaw: theory, videos, hands-on
- Biological concept of bone block augmentation: theory, videos, hands-on
- Tunnel technique, pediculated palatal connective tissue flaps together with block transplants: theory and videos

Workshop "Soft-tissue Management"

2-hour hands-on workshop on anatomical preparation

Presenters: Dr. Wolfram Hahn and Dr. Stephan Klotz, Göttingen/DE

Soft-tissue management is becoming more important, because in many cases it is one of the decisive factors in the functional and esthetic long-term success rate of the implant-supported superstructure. In this workshop you will learn the relevant basic techniques of soft-tissue surgery. After a short theoretical introduction to the areas of application of the procedure, the surgical techniques will be demonstrated on the swine cadaver step-by-step and you will try them for yourself. Both conventional and microsurgical instruments will be used to increase your knowledge of advanced peri-implant soft-tissue surgery.

- Theoretical introduction to the topic
- Hands-on: Removal of a free mucosa transplant and a connective tissue transplant in the gum
- Hands-on: Two-layer flap for covering an augmentation

Workshop "Guided Surgery with ExpertEase"

2-hour planning workshop with practical exercises

Presenter: Dr. Fred Bergmann, Viernheim/DE

This workshop will give you an overview of the possibilities of computer-guided implantology. You will familiarize yourself with treatment planning using ExpertEase and practice on the model with the guide and instruments.

- Introduction to computer-guided implantology, treatment planning and implementation using the example of a previously restored case
- Introduction to ExpertEase software
- Demonstration of implant planning with ExpertEase on the prepared data set including explanations of special features
- Presentation of the ExpertEase system and the ExpertEase surgical guide with a practical demonstration
- Hands-on exercises on the plastic jaw for participants
